PROFESSIONAL SUMMARY

Detail-oriented Software Engineer with a B.Tech in AI & Data Science and hands-on backend expertise. Currently working as a Java Developer at TCS, building microservices and supporting CI/CD automation pipelines for Verizon. Experienced in integrating machine learning, REST APIs, and core Java features. Passionate about software craftsmanship, high-quality interactive WebApp design, and bridging standard software engineering with intelligent data systems.

TECHNICAL SKILLS

Languages & Backend: Core Java, Advanced Java, Spring Boot, REST APIs, Microservices
AI & Data Science: Python, Machine Learning, Deep Learning, Generative AI, Data Science
Databases & DevOps: MySQL, Git, Docker, CI/CD Pipelines
Frontend & Design: HTML, CSS, JavaScript, Next.js, GSAP, Framer Motion

WORK EXPERIENCE

Java Developer July 2025 - Present
Tata Consultancy Services (TCS) - Client: Verizon

- Developing reliable Java backend services and REST APIs to handle core transactional workflows.
- Designing scalable microservices and assisting in maintaining CI/CD pipelines.
- Debugging complex codebase issues and delivering backend improvements to client specifications.

AI/ML/DS Intern Feb 2024 - Apr 2024
Blackbuck Engineers Pvt. Ltd.

- Studied foundations of NLP, trained Deep Learning models, and built classification algorithms.
- Constructed data pre-processing and model evaluation pipelines for experimental data.

Java Full Stack Intern Jun 2023 - Aug 2023
Henotic Technology Pvt. Ltd.

- Developed full-stack practices, integrating MySQL databases with Java backend controllers.

FEATURED PROJECTS

PureScribe (purescribe.in) Next.js, GSAP, Framer Motion, React
Built a highly interactive and responsive business website. Designed smooth transitions, micro-interactions, and parallax scroll effects using GSAP and Framer Motion.

Drug Recommendation System Python, Machine Learning, Jupyter Notebook
Developed a model using NLP sentiment analysis of drug reviews to recommend optimal medications based on patient experience histories.

IIT-NIT Seat Prediction Python, KNeighbors Classifier, SVC
Trained and evaluated machine learning classifiers to predict college seat allocation results based on historical admission data.

EDUCATION

B.Tech in Artificial Intelligence & Data Science 2020 - 2024
SRKR Engineering College, Bhimavaram, AP **CGPA: 8.72 / 10**

Intermediate (MPC) 2018 - 2020
Sri Chaitanya College, Vijayawada, AP **GPA: 9.5 / 10**

CERTIFICATIONS & KEY ACHIEVEMENTS

- IIT Madras: Certification in Python for Data Science | Infosys Springboard: Data Science Certification
- HackerRank: 5-Star Python Developer (Profile: chinthapallisvn1) | TCS: Young Intrapreneur Award
- Research Publication: Paper published in London Metropolitan University Conference proceedings
